Azim Premji University was established by the Azim Premji Foundation in 2010. It was founded with a clear social purpose, as part of a larger strategy to contribute to the Education and Development sectors in the country. Our vision is “Education for social change, to contribute to the realisation of a just, equitable, humane and sustainable society”.

We offer undergraduate, postgraduate and continuing education programmes that aim to prepare students with great competence, integrity and social commitment. Our research programs also further the development of knowledge and education in the same fields.
