

Azim Premji University and Ramanujan Mathematical Society announces A Two Day Workshop for Mathematics Teachers

Bangalore, April 23, 2014: Azim Premji University and Ramanujan Mathematical Society (RMS) has announced a two day workshop for Mathematics teachers of class 9 to 12. The KOLKATA session of the workshop will witness participation from teachers of neighbouring schools and will be held on 17-18 May at **CALCUTTA INTERNATIONAL SCHOOL** starting from **{9:30 AM}** to **{5:00 PM}**. Two teachers from each school can participate in the program.

The main objective of the workshop is to provide a platform for Indian Mathematics teachers from across the country to share and advance their knowledge and experience in the subject.

RMS sessions will be based on topics carefully selected to suit the teachers' needs and interests. Azim Premji University's sessions will be based on high school mathematics and is conducted in collaboration with ***At Right Angles***, a high school mathematics resource which is a joint production of Azim Premji University and Community Mathematics Centre. *At Right Angles* is addressed to mathematics teachers, teacher educators and students connected with the subject.

Prof. Pradipta Bandyopadhyay from the Indian Statistical Institute, Kolkata will give an invited lecture during the concluding session on 18 May 2014 from 4-5pm.
