A Series of Two 2 Day Workshop for Mathematics Teachers

Organized by Azim Premji University and Ramanujan Mathematical Society and
Association of Mathematics Teachers of India

Chennai, April 14, 2015: Azim Premji University and Ramanujan Mathematical Society (RMS) have announced a cluster of workshops for Mathematics teachers of class 9 to 12 at Chennai, according to the following schedule. Each workshop will witness participation from around fifty teachers from neighbouring schools in the city. Two teachers from each school can participate in the program. The workshops will be held at the AMTI New Building, opp. GKM Engineering college, Alappakkam.

The main objective of the workshop is to provide a platform for Indian Mathematics teachers from across the country to share and advance their knowledge and experience in the subject.

RMS sessions will be based on topics carefully selected to suit the teachers’ needs and interests. Azim Premji University’s sessions will be based on high school mathematics and is conducted in collaboration with At Right Angles, a high school mathematics resource which is a joint production of Azim Premji University and Community Mathematics Centre. At Right Angles is addressed to mathematics teachers, teacher educators and students connected with the subject.

Workshop Schedule:
Between 9.30 a.m. and 4.45 p.m.

Session 1: May 1-2, 2015

Session 2: September 25-26, 2015
