

Azim Premji university convocation

Staff Reporter

BENGALURU: A total of 220 students graduated during the third convocation ceremony of Azim Premji University here on Saturday. In his convocation speech, IT mogul Azim Premji shared with the students five things learnt in the “university of life”: a larger purpose; dream, working hard and being self-confident; learning to listen; being humble; and integrity being at the core of it all. The university, sponsored by the Azim Premji Foundation, offers courses in human development and education.
