2027

Connecting committed graduates with organisations working for a just, equitable and sustainable society.

Azim Premji University

Azim Premji University was established by the Azim Premji Foundation in 2010. Our University campuses are in Bengaluru, Bhopal and Ranchi. The teaching and research programmes of the University are designed to contribute towards equity, justice, humaneness, and sustainability – the vision of the Foundation. We offer a range of undergraduate and postgraduate programmes, as well as continuing education programmes for working professionals.

The Foundation does extensive and deep 'on-the-ground' work across the country — both directly through its own operations and through partners. The work spans education to other important areas of equity and human wellbeing. Currently, the Foundation's work is spread across six states. In addition, the Foundation also works deeply with seven states in the northeast of the country and selectively in other five states. The Foundation's own team of over 2,000 people in the field is spread across 300 locations. It is this sustained, ground-level engagement with India's development challenges that shapes the founding purpose of the University — building a network of institutions dedicated to capacity development and research for the social sector.

Diverse disciplines. Multiple pathways to contribute.

Azim Premji University offers undergraduate and postgraduate programmes that develop disciplinary understanding, analytical capabilities and practical perspectives relevant to a range of professional contexts.

Undergraduate Programmes

- BA (Economics, English, History, Philosophy, and Social Science) – Bengaluru & Bhopal
- BSc (Environment Science & Sustainability, Biology, Chemistry, Mathematics and Physics) – Bengaluru & Bhopal

- MA Development (2 years) – Bengaluru
- MA Economics (2 years) – Bengaluru
- MSc Climate Change & Sustainability (1-year and 2-year) – Bengaluru

Executive programme

- Executive MBA in Development Management – Bengaluru

Learning Beyond the Classroom

Learning at Azim Premji University extends beyond classroom instruction. Field engagement, research, internships and community-based experiences help students connect theory with practice.

Field engagement and practice

Engagement with people and institutions, including rural, urban and tribal communities.

Research and inquiry

Field observation, research methods and analytical work.

Community engagement

Activities addressing education, youth engagement and environmental concerns.

Collaborative learning

Discussions, group work and interactions with faculty and practitioners.

What makes our students distinctive?

Learning grounded in India's social realities

Disciplinary learning, interdisciplinary perspectives and engagement with India's social realities.

Disciplinary depth

Rigorous study in a chosen field, complemented by perspectives across disciplines.

Collaboration and dialogue

An inclusive academic community encourages cooperation, empathy, reflection and the exchange of ideas.

Preparation across diverse roles

Students draw on their knowledge and capabilities across a range of professional contexts.

Partner with us to connect talent with meaningful work

From building sectoral partnerships to preparing students for interviews, the team supports engagement between employers and graduating students.

How to engage with us

1

Connect

Share your organisation's work, hiring needs and areas of interest.

2

Share requirements

Outline the roles, responsibilities, skills and experience you seek.

3

Explore relevant programmes

Work with the Placement Team to identify relevant programmes and student profiles.

4

Coordinate recruitment

Discuss suitable recruitment activities and next steps with the Placement Team.

Campus Placement Modes | January 2027

Campus placements begin on 4 January 2027. Organisations can engage with students through three modes:

On-campus

Meet and interview students at our Bengaluru or Bhopal campus.

First schedule: 4–16 January 2027; further dates will be shared later.

Online

Conduct virtual recruitment through Google Meet, Zoom or MS Teams, facilitated by the Placement Team.

Off-campus

Share a job description to receive CVs of interested students. Shortlisted candidates proceed through the organisation's recruitment process.

LET'S BUILD MEANINGFUL CONNECTIONS

Connect with our Placement Team to discuss your organisation's hiring needs and explore opportunities to engage with our graduating students.
